FishNeelyHenryLake.com

The Coosa River and H. Neely Henry Lake are home to some of the best fishing in the South. Spotted bass, crappie, largemouth bass, striped bass, and catfish make Gadsden fisheries a year-round playground for fishermen. Creeks along the Coosa are growing in popularity for both kayak and fly fishing. After a day on the water enjoying the fishing and the beautiful mountain views, the Greater Gadsden area is home to comfortable hotels, delicious restaurants and great nightlife. So on or off the water, we are the perfect fishermen’s getaway.

H. Neely Henry Lake is over 11,000 acres and is home to the renowned Coosa Spot, a breed of spotted bass that will give you the fight you are looking for! The lake was created by an impoundment of the Coosa River. From Weiss Dam to the Hwy 77 Bridge, the lake fishes more like a river. From the Hwy 77 Bridge to the Neely Henry Dam it is more of a spread out lake, featuring major feeder creeks loaded with fish-attracting cover. Coosa Landing in Gadsden has a full-service bait/tackle shop, excellent boat parking and docks and a launch that can handle 5 boats at once. Rainbow Landing in Rainbow City off Hwy 77 has good parking and is a popular launch site for anglers looking to head further south into Neely Henry.
